

Please pray....

Linda Raymond

Horizons International & Jonah Ministries

Linda's journey started with the dangerous prayer, "here I am, use me" after her adult children left home. She prayed from her heart and doors began to open. As she sought ways to connect with her new Muslim neighbours, she came across the *Truth Unlocked* DVD, which she ended up becoming a national spokesperson for. This led her to building relationships with many ministries to Muslims and eventually becoming a staff worker with Horizons International. Linda has also recently helped to found Jonah Ministries based here in Edmonton and now finds herself regularly travelling across North America.

Linda is a vision-caster, connector and networker who is continually creating platforms for others in Muslim ministry.

As a church we are committed to standing with Linda in this remarkable & continually unfolding ministry.

For Jonah Ministries

- For wisdom in choosing an office space, staff and a training facility.
- That the Lord would bring the remaining finances and plans together.
- Protect everyone involved from the schemes of the enemy.
- For Wagdi Iskaner's full healing from his accident.
- That we would have God's favour as we reach out to Muslims in Alberta and around the world.

For Horizons International

- To build relationships in ministry circles and raise Horizons' profile worldwide.
- That the Lord would open doors for Muslim Coverts to be disciplined through Horizons Training.
- To bring more missionaries and church leaders to Horizons' training.
- For the rest and improved health of President Georges Houssey.

Truth Unlocked

- For the new project *Far From Home: A Different West* being translated into Arabic. That this would be done in a timely and accurate manner.
- For the Lord to bring other Ministry Partners to help us translate into all the heart languages of the Muslim people.
- That church ministries would adopt it as part of their outreaches.
